

Land of the Free
Where \$5,000-Men
Own Half of It

Half the families of the United States own other homes. And almost half of the nation's wealth is owned by the 50 per cent of its people whose income is less than \$5,000 a year.

The Russians, a fellow Hope has incessantly reminded the yesterday, would dismiss this as "imperialist U. S. propaganda." But the statistics are taken from the May 4th edition of the factual Wall Street Journal, whose entire business consists of the practice of reporting correct figures. Furthermore, in this instance, it is quoting the figures from an exhaustive survey conducted by the National Industrial Conference Board.

No politician of Soviet Russia could afford to believe that what we write about life in the U. S. A. is true because all of it would be bad news to Red bosses living dangerously among their millions of slaves. But the figures about our country do make sense to Americans.

The "spread" of wealth in the U. S. A. is the greatest of any nation in history. We have some poverty, and a considerable segment of great wealth—but the true principle of free enterprise appears in the statement that the little men, 50 per cent by population, hold approximately half of America's 800 billion dollars of assets.

Of course there is debt also where there is so much total wealth but National Industrial Conference Board's survey disclosed that only one out of 10 American families actually owns more than it is worth. Not only do the little fellows own half the country but 90 per cent of them are technically solvent.

I recall, as do many other Hope citizens, a time back in 1932 when it was said that 90 per cent of the people were technically insolvent—but it was comforting even then to know that the lack of a great depression spared no one. Poor folks suffered, the middle class worried, and some of the rich ones committed suicide.

The great common denominator that leveled all men in depression times is still working in democratic America. For in good times the small businessman and householder turns up still owning half the country. You have no guarantee which a thing is true anywhere else in the world but the U. S. A.

Charges Filed Following 3-Way Wreck

Two accidents were investigated by Hope City police yesterday, one resulting in the arrest of a local man on charges of driving while intoxicated.

City police filed the charge against Lynn Norwood following an accident at Hazel and Third Street. Officers said an auto driven by Norwood hit a parked truck owned by Joe Duke and an auto driven by Mrs. Kelly Walton. All the vehicles had fender damage.

Earlier Monday a Herndon-Cornelius ambulance driven by John Honeycutt sustained a bent fender when it scraped another vehicle, driven by T. D. Jones. The ambulance was on an emergency run with its siren open. The incident occurred on South Main.

Explosion, Fire Levels 4 Stores at Texarkana

TEXARKANA, Ark. — An early morning explosion and fire destroyed four businesses, damaged two others and shattered windows in a 7-block area just off Texarkana's main business district. There were no reported injuries.

Fire Chief S. F. Walsh said the blast on East Seventh St. apparently was caused by an accumulation of gas. Clocks in the area were stopped at 2:47 a. m. (CST) today.

Destroyed were the Helms Suit Shop, where the explosion originated, Crosnon Drug Store and two radio shops. The resulting fire seriously damaged a garage and clothing shop. A couple of nearby Negro residences also were damaged. The fire has been extinguished.

Walsh said force of the explosion threw clothing and fixtures a block and a half. The jar was felt as far as four miles from the city. There were no eyewitnesses, but Mrs. Irene Knox, night clerk at a motel a block west of the explosion said she heard the "terrible" noise. She said she ran to the door, looked out and saw fixtures, clothes and "everything going sky-high." She then took cover.

Patients at St. Michaels Hospital, two blocks south of the wrecked area, were frightened by the resounding blast, but there was no panic.

Walsh said "dozens of people" might have been killed had the explosion happened several hours later, but the streets were deserted of traffic and pedestrians at that early hour.

This was the fourth major fire or explosion in Texarkana since April 5.

Korean Front Extremely Quiet

By MILO FARNETI
SEOUL, Korea — The Korean battlefront was so quiet today the sight of a lone Communist soldier won official notice. But a U. S. Navy task force poured tons of shells and bombs into the battered east coast port of Wonsan in the heaviest strike in months.

"Our men sighted one Chinese near an outpost and threw grenades. He went away," read the day's battle report of an American division on the Western Front.

Some observers said the 155-mile line was quieter than at any time since the war began 34 months ago.

Four ships led by the battleship New Jersey bombarded Red gun positions ringing Wonsan harbor, while dive bombers and fighter bombers from Task Force 77 bombed and rocketed the city. First reports said shells from the New Jersey's 16-inch rifles smashed the main Red observation post overlooking the harbor.

The attack was led by the cruiser St. Paul and supported by the destroyers Nicholas, Hender son, Moore, Brush and Endicott. Their guns hit Communist bridges and guns and the destroyer-mine sweeper Endicott sank three Red sampans.

Man Still Wears the Pants in Average American Home But Its the Wife Who Picks Them Out

By HAL BOYLE
NEW YORK City — The man still wears the pants in the average American home—but it is the wife who picks the kind he wears. "My husband simply hates shopping," she says smugly. "He'd never buy a new suit unless I went along with him."

I don't like to destroy any woman's illusion, but a wife who holds that idea is simply kidding herself. Most men love to go shopping and buy pretty things to hang upon themselves and cloak nature's errors. Neither sex has a corner on vanity.

But it is a mistake for a wife to think he brings her along on a suit-buying safari because he is color-blind or she has superior taste. He is simply afraid to do it alone. He wants her for the same reason he would like her by his side if he had to go into a

Sophia Westbrook vs. Otha Westbrook, divorce to plaintiff.

Chiang Not Too Strong, Adlai Says

NEW YORK (UP) — Adlai E. Stevenson wrote today that the Nationalist Chinese army "is not so strong as people think" and has no great chance today of rallying millions of Communist-ruled Chinese to its support.

Summing up impressions gained in Japan, Korea, Formosa and Hong Kong in the first of a series of articles for Look magazine, the defeated Democratic party presidential candidate said he believes American policy in the Far East is "succeeding... better than many frustrated and impatient Americans think."

But he warned that the nation may "have to learn to live with" a Korean stalemate and that patience may be "the cheapest and the best solution" to the problems of Asia.

He said that if a U.S.-backed invasion of China is to be undertaken, "the initial instrument of liberation in China, then there is much more planning and preparation, political and military, to be done."

Stevenson said Chiang Kai-shek "told me he would win on the mainland if outnumbered five to one." But Stevenson said the Nationalist army numbered only 200,000 troops on Formosa with a few thousand more on other islands and that it is "getting old" with an average age now of 28 years.

Ex-Senator Wagner Dies in New York

NEW YORK (AP) — Robert F. Wagner, former Democratic U. S. senator who sponsored the Wagner Labor Relations Act and other important New Deal legislation, died yesterday at 75 after a long illness.

Wagner, who resigned from the Senate in June, 1949, because of illness, died at the home of his son, Manhattan Borough President Robert Wagner, Jr. The son said death was caused by heart failure.

The former New York senator had been an invalid for the past few years, and was bedridden a large part of the time. He received the last rites of the Roman Catholic church, to which he was converted several years ago. Funeral services will be held Thursday.

Wagner served almost 23 years in the U. S. Senate, but illness kept him from attending sessions in the 80th and 81st Congresses.

Congress Asked for \$5.8 Million in Foreign Aid

WASHINGTON (AP) — The Eisenhower administration asked Congress today for \$5,828,000,000 in new foreign aid as a necessary defense for America itself against "the Soviet threat."

President Eisenhower made the main plea in a special message to the lawmakers. The detailed presentation was made by a parade of cabinet members, backed by Gen. Omar Bradley, chairman of the joint chiefs of staff, in testimony to a joint session of the Senate Foreign Relations and House Foreign Affairs Committees.

"The basic purpose of this program is simply the long-term security of the United States living in the shadow of the Soviet threat," the presidential message said.

He noted that the bulk of the money—approximately \$5,730,000,000—is set up for military weapons and direct support "to the defense efforts of our friends and allies."

He called that division "a measure Continued on Page Two

Dulles Asks Continuance of Foreign Aid

By JACK BELL
WASHINGTON (AP) — Secretary of State Dulles asks Congress today to continue foreign aid at a reduced figure of \$5,000,000,000 a year—a level higher than many lawmakers seem willing to go.

Dulles leads a group of cabinet members and Gen. Omar N. Bradley, chairman of the Joint Chiefs of Staff, in the Eisenhower administration's first request for major operating authority.

Others scheduled before the combined Senate Foreign Relations House Foreign Affairs Committees include Secretary of Defense Wilson, Secretary of the Treasury Humphrey and Harold E. Stassen, the Mutual Security Director.

Involved before the two committees is authority to continue the foreign assistance program—most of it for arms aid to U. S. allies—at approximately its present level. Actual funds for the program be voted upon later, after approval for the authorization bill.

Most Republicans and many Democrats agreed with Sen. Mark Olin, the Republican leader and a member of the Senate Foreign Relations group, that former President Truman's budget estimate of \$7,600,000,000 in foreign aid for the year beginning July 1 "must be cut."

Taft Seeking More Military Spending Cuts

By JACK BELL
WASHINGTON (AP) — The Eisenhower administration tentatively has decided to hold military spending at the 43 billion dollar level but Sen. Taft (R-Ohio) said today the cut under former President Truman estimates "isn't enough."

Taft, the Senate Republican leader, confirmed that President Eisenhower's announcement last week of an \$1 1/2 billion dollar cut back in appropriation requests to Congress is based on continuing the military program at its present levels in the fiscal year beginning July 1.

This would hold off the 2 1/2 billion increase in arms spending proposed by Truman. Eisenhower has contended, however, that his administration will get more out of its dollars and thus attain approximately the same combat strength.

Taft said he thinks a Defense Department reorganization plan now pending before Congress, and proposed reductions in manpower should yield some savings, but not enough.

"What we need is new military advice—a reserve which will fix the wartime roles of the Army, Navy and Air Force and tell us what weapons we need and what we should discard," he said.

"With that kind of survey we ought to be able to make some intelligent savings in military spending."

Taft said he thinks he is "making some progress at the White House" with his proposal that new chiefs of staff be named to start on this survey before their predecessors retire this summer.

Farmers Start Coastal Bermuda Nursery Plots

Several cooperators of the Hempstead County Soil Conservation District have started Coastal Bermuda grass nursery plots this month. Farmers who have established these multiplication plots include:

Ton Duckett, E. W. Copeland, Ernest Ridgill, and John V. Keck, all of Hope; W. M. Dillard, Saratoga; Floyd McDowell, Hope (11-2); and Fred Petre, Hope, (11-1).

According to Emory Thompson, Chairman of the Hempstead County Soil Conservation District, results from a large number of plantings in Arkansas indicate there is a definite place in our pastures and meadows for this grass.

Mr. Thompson points out that these plots, if properly cared for, should furnish ample roots for other plots in this county in 1954.

8 Witnesses Say They Never Saw Child Mistreated

By RAY STEPHENS
DES ARC, Ark. — The prosecution wove a story of brutal mistreatment of a 3-year-old Mary Wolfe this morning, but eight witnesses testified that they never saw Mrs. Linda Empson Head mistreat her foster child.

Mrs. Head is charged with first degree murder in the drowning death of Mary, whose battered body was found in a makeshift run barrel on the Head farm near here last Dec. 31.

The history of Mr. and Mrs. Head was traced back to Oil City, Tex., where they lived shortly before they moved to a farm eight miles east of this Central Arkansas farming community.

All of the witnesses testified that at one time or another they saw bruises, cuts, and wounds that appeared to be burns, on the body of the child.

However, on cross examination by Defense Attorney John D. Continued on Page Two

Reds Outflank French in Indochina

By LOUIS GUILBERT
HANOI, Indochina (UP) — Heavily armed security guards were thrown around the royal palace in Luang Prabang today as Communist troops invading Laos flanked French defenses to push southward toward the border of Thailand (Siam).

French officials here termed the new southward thrusts of rebel forces "alarming."

But they scoffed at rumors of a desperate enemy plot to snatch back the King Sisavang Vong from the Communist-threatened royal capital of Laos. The reinforcement of guards about his palace was called "a routine security measure."

Communist vanguards are only nine miles from Luang Prabang which is bristling with thousands of French military troops.

An informed source in Bangkok, Thailand, said the Red timetable for the invasion of Laos calls for the capture of the royal capital this week and the surrender of the old king's administrative powers to his young cousin, Prince Souphannou Vong.

Senate Edges Toward Vote on Tidelands

By HARRISON B. HUMPHRIES
WASHINGTON (AP) — The Senate today edged toward expected passage by nightfall of legislation to establish state ownership of oil-rich offshore submerged lands within their boundaries.

Opponents, although fighting to the end what they call a "give away" of a federal property, conceded defeat.

Votes on a series of amendments preceded the final vote. Debate on each amendment was limited to 10 minutes, beginning at 1 p. m.

Proponents predicted passage of the Eisenhower backed measure by a margin of nearly 2 to 1. They call it a "restoration" to the states of property considered theirs for 150 years.

The opposition said the battle will continue in the courts and in the election campaigns of 1954 and subsequent years.

While Dulles carefully chosen words made no reference to Sen. McCarthy (R-Wis.), he expressed his view on the subject of Red trade a day after McCarthy abruptly broke off hearings on the issue with the demand to know what Dulles thought about banning all allied trade with Red China.

Local Marine Now Believed to Be Prisoner

WASHINGTON (AP) — The Marine Corps yesterday made public the names of 60 Marines who previously had been listed as missing in action, and who now, it is considered, may be prisoners of war.

The list included those of 2nd Lt. Rowland M. Murphy, son of Mr. and Mrs. Henry C. Murphy, 1223 North Hazel St., Hope, Ark., and Pfc. Lance Graydon Ricker, husband of Mrs. Lance G. Ricker, Rt. 3, Peach Orchard, Ark.

The Marine Corps said that on the strength of the reports and broadcasts by the Chinese Communist governments, the families of the missing men have been advised they might write letters to them.

The Marines said the Communists have indicated they would forward such letters.

Dock Leader Slain on N. J. Waterfront

HOBOKEN, N. J. (AP) — A dock leader was shot to death last night in Hoboken's second waterfront slaying within two years.

A single bullet in the head proved fatal to Francis Kelly, who was to have started work today as a waterfront hiring boss at a newly reopened pier.

Police immediately launched a hunt for the unidentified assailant. About eight to 10 men were rounded up for questioning in the shooting, said Police Chief John Reynolds.

The shooting was another in a series of violent incidents on the New York-New Jersey waterfront, being probed by a Senate committee in Washington.

Kelly, about 40, was found at a street intersection just around the corner from his home—a little more than two blocks from police headquarters. He died shortly before midnight at St. Mary's hospital.

Kelly, who belonged to Local 807, AFL, International Longshoremen's Association, was to have been hiring boss at Pier 3 for the Jarka Corp., one of the largest stevedoring firms in the world.

Head, charged along with his wife, in the drowning death of their 5-year-old foster daughter, Mary Wolfe, has been committed to the Hospital indefinitely for treatment.

Dr. Carnahan said Head was "incapable of giving any testimony" at his wife's trial.

Prosecutor J. B. Reed and Defense Atty. John D. Thweatt questioned 40 veniremen, including two women, during the trial opening yesterday. The 12 selected are men.

The 33-year-old Mrs. Head showed no emotion as Reed asked each if they would vote to take her life. If convicted she killed her foster daughter.

The prosecutor also asked if their decision would be influenced by the fact that the defendant is a woman.

Thweatt concentrated on finding out if the panel members were prejudiced because that the victim was a child.

Last of 149 GIs Heading Home

HONOLULU (UP) — Three big military transport planes were headed eastward across the Pacific today with the last group of 149 sick and wounded American fighting men freed from Communist prison camps in Korea.

One of the planes carrying 19 men landed at Honolulu. Another, also with 10 aboard, was due in Hawaii early today. The third took off today from Tokyo with 19 Americans, two Canadians and six Colombians.

There was no announcement when any of the men would leave Hawaii for Travis Air Force Base 40 miles northwest of San Francisco.

Only two of the liberated captives remained in Tokyo—Capt. Zach Deane Douglas, Kapu, having a second honeymoon with his wife there, and Pfc. Clifford Smith of Lake Charles, La., something for further medical treatment.

Reds Continue Stall in Face of Warning

By ROBERT TUCKMAN
PANMUNJOM (AP) — The U. N. Command today accused the Communists of throwing up a smoke screen in the Korean truce talks and said Red stalling "casts serious doubts on their sincerity."

Lt. Gen. William K. Harrison Jr. insisted the Allies could not agree to Red demands that 48,000 prisoners who have spurned communism be shipped to a neutral Asian custodian.

"Many would destroy themselves rather than submit to removal from Korea," the senior Allied delegate said.

The Reds refused again at a 59-minute session to commit themselves on a neutral custodian.

The most Red truce delegate would say was that Allied nomination of Pakistan as a neutral caretaker was "worth welcoming."

They also insisted that both sides first work out the functions of the neutral before deciding on the nation itself.

Harrison, senior Allied delegate, told reporters that the functions would apply equally to any neutral and said of the Red demand: "That is merely a negotiating smoke screen. That's all in the world it is."

North Korean Gen. Nam Il, chief Red negotiator, declared the "important question" is whether unwilling prisoners shall be sent to a neutral nation or shall be turned over to the neutral custodian in Korea.

Head Can't Testify in Murder Trial

DES ARC (AP) — James W. Head will not be allowed to testify as a defense witness in the trial of first degree murder charges against his wife.

Circuit Judge W. J. Waggoner yesterday denied a defense motion that Head be allowed to testify after Dr. Robert Carnahan of the State Hospital in Little Rock said that the laborer "now is in sane."

Head, charged along with his wife, in the drowning death of their 5-year-old foster daughter, Mary Wolfe, has been committed to the Hospital indefinitely for treatment.

Dr. Carnahan said Head was "incapable of giving any testimony" at his wife's trial.

of the peril in which free nations continue to live.

"The blunt, sober truth is that we cannot afford to relax our defenses until we have seen clear, unmistakable evidence of genuine peaceful purpose on the part of the Soviet Union," Eisenhower said.

Secretary of State Dulles, led off before the congressional committee, made virtually the same argument in differing words, and told the Congress members that if there is any error in the total figures the mistake has been in setting them too low.

The president used the round figure of \$5,800,000,000; Dulles pinpointed it at \$5,828,000,000. Former President Truman had proposed \$7,000,000,000 in the budget he submitted last January.

Eisenhower told the Congress "it is necessary to do more in the Far East," adding:

"We are proposing to make substantial resources available to assist the French and the associated States in their military efforts to defeat the Communist Vietnamese aggression."

Thwait, they said they never saw the 3-year-old woman actually molest the child.

Only one of the witnesses, Mrs. A. H. Stevenson of Vivian, 174, said she saw Mrs. Head slap the child and knock her to the floor on one occasion, but she admitted that the child was not injured by the blow.

All of the witnesses testified that the child obviously was afraid of James W. Head, who is accused along with his wife in the child's death.

Head has been adjudged insane and is confined to the state hospital for nervous diseases at Little Rock.

Thwait, questioned the witness as closely about Head's temper. Two of them, Mrs. Tom Cagle and Clarence Beyer, both of Oil City, agreed that Head often flew into fits of uncontrollable rage over minor differences.

Texas Group Can't Bar Negroes

WASHINGTON, May 5 — The Supreme Court has ruled that a Texas county organization called the Jaybird Democratic Association may not exclude Negroes from its primary elections.

Such exclusion, Justice Black said for the court yesterday, is a violation of the federal Constitution's guarantee that no person may be denied a vote on account of race.

The Jaybird Association, organized in 1900 in "Ft. Bend County, restricts its membership to white persons. A group of Negroes who contested validity of its activities said the association held unofficial primary elections and that its nominees later were put unopposed on the ballots in the Democratic official primaries.

The Reverend S. A. Whitlow, pastor of the First Baptist Church, officiated at the double ring ceremony.

Shella Iles, pink double stock and orange leaf, illuminated by tall white tapers in seven-branched candelabra, formed the central arrangement for the improvised altar in front of the mantel in the living room. Flanking this arrangement were pedestal baskets of pink double stock, feverfew and greenery.

Prior to the ceremony, Mrs. McDowell Turner, pianist, presented a program of nuptial music which included "Clair de lune," "Moonlight Sonata," "Liebestraum," "I Love Thee," and "Because." The traditional wedding march was used. During the exchange of vows she played "To A Wild Rose." Mrs. Turner's dress was of gold silk shantung taffeta. She wore a corsage of Tailsman roses.

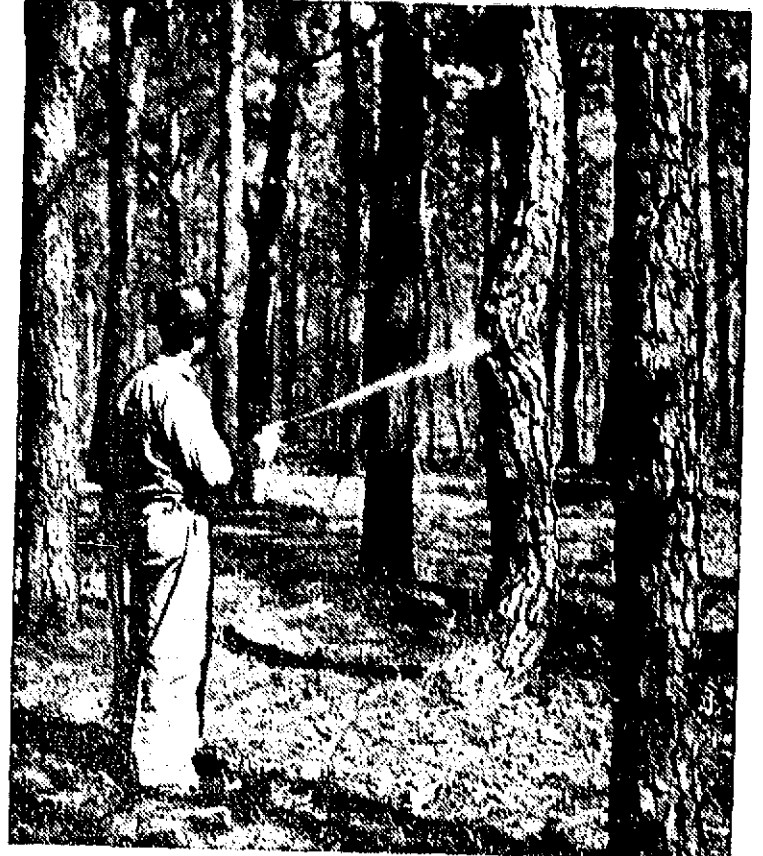

The bride wore a camellia pink silk suit and white gloves. Her halo hat was of pink flowers and beads. She carried a white Bible marked with a bouquet of gardenias and showered with stephanotis and white satin streamers.

John M. Norton of Texarkana served his brother as best man.

'Know-how' in Woods Pays Off

Proper cutting of forests can increase the yearly growth of wood products by more than 600 percent. This was illustrated to a group of conservation farmers who visited the woodland of Art Hildebrand, near Prescott, this week with Jim Case of the U. S. Soil Conservation Service.

More than one hundred dollars worth of wood products have been cut from each acre of the woodland since Mr. Hildebrand started his selective cutting program in 1940. During this same period, the volume of standing timber has increased from 3000 board feet on each acre to about 8000 board feet on each acre. Value of the present standing timber was estimated at more than \$300 per acre.

In contrast to this, a nearby woodland was visited where the

with rhinestone button trim. Her corsage was of white gardenias. The bridegroom's mother was attended in navy blue sheer, and pinned at her shoulder a corsage of white gardenias.

Immediately following the ceremony, a reception was held. Mrs. John White of Texarkana and Mrs. Roy Anderson invited the guests into the dining room. The serving table was centered with a tiered arrangement of pink roses, sweet peas and candytuft, flanked by silver candelabra holding tall pink tapers. Epergnettes filled with the same kind of flowers decorated the credenza.

Serving the three-tiered wedding cake topped with a miniature bride and groom was Mrs. Cecil Wyatt, sister of the bride. Mrs. Sidney A. Flowers, Jr., also a sister of the bride, and Mrs. Thomas Cannon presided at the punch bowl.

Assisting in the dining room were Mrs. Orrin L. Gibson of Shreveport, Miss Eva Fuller of Dallas, Mrs. Robert Ellen of Texarkana, and Mrs. Thompson Evans, Jr.

Mrs. John M. Norton of Texarkana was in charge of the bride's book and Miss Evelyn Bryant presided in the gift room. Others extending courtesies were Mrs. Judson Pryor of Texarkana and Misses Shelia and Sharon Foster, nieces of the bride. Members of the house party wore pink carnation corsages.

After a wedding trip to New Orleans, the couple will be at home in Texarkana.

The bride is a graduate of Henderson State Teachers College, Arkadelphia and the bridegroom was graduated from Texas A&M College, College Station.

Out-of-town guests at the wedding were Miss Eva Fuller, Dallas; Mrs. Paul Buras, Electra, Texas; Mr. and Mrs. Leo D. Perdue, Louisiana; Mr. and Mrs. Robert W. Bothea, Jr., Arkadelphia; Mrs. Orrin L. Milan, Italy, has a woman zoo

presses you. You make a face at your reflection—and get three faces back.

While you are still gloomy over discovering you have three faces instead of the one you are used to you hear the tall strange man say firmly:

"I think this one was made for him!"

"Well, I don't!" says mother sharply, because she is tired.

"Oh! Oh! Mamma and the tall strange man are fighting! Will he hit her? If he does, she can hit him? She is awful strong, but he is awful big. What can you do to help mamma? Bite the man in the leg?"

Terrified, you run your eyes down the rack, pick out a suit you had liked when you first came in, and say:

"Please, mamma, I like this one!" Well, the sharp words end. Mamma smiles, the big strange man smiles. You get a nice new suit, instead of being hung up on the rack yourself—as you had feared.

But all your life you still have deep in you your childish dislike of the three-way mirror for showing you to yourself as you really look, and your fear of the tall strange man.

That is the secret reason why a man takes his wife along when he buys a new suit. For the comfort of her presence—not the surety of her taste.

So face it, ladies. When you go into a clothing store with the man you're married to, it isn't your husband you're with. You are simply lending by the hand his mother's small boy, secretly as confused as ever.

Fans to See Local Boys in College Game

Local baseball fans will be treat-
ed to a pitching duel featuring two
Hope pitchers when the Reddies of
Hempstead State Teachers College
oppose the Mulderiders of Southern
State in Wednesday night's game
between these two college rivals.

Coach Duke Wells of Henderson
plans to start with Reeder Huddleston
on the mound and Buck Wells
behind the plate while Southern
State Coach Sam Bailey will come
with an all Hope battery of Bobby
Ross on the mound and his fellow
townsman Willie Martin on the
receiving end.

Reeder Huddleston, stocky Hope
southpaw was rated as the Reddies'
No. 1 hurler at the start of the
season but his performance for the
Reddies has been just so-so to
date. Facing a lineup of right
handed batters in the first game
of the season between Henderson
and the Hollweells of Arkansas
A&M, Reeder showed up none to
well and was the loser 6 to 5. He
did a good job the following week
in defeating the 1952 defending
champion State Teachers College
Beats 3 to 1 in the last game
with Arkansas A&M on April 26 he
had no difficulty in settling the front
running Wells down in order for
three innings.

Bobby Ross has been Southern
State's most effective pitcher in
AIC play. When not on the mound
Ross is available for duty in the
outfield. Ross and Huddleston both
played with the Legionnaires last
season and prior to that were
teammates on Hope's American
Legion Junior team.

The Reddies have won 4 and lost
2 this season - both losses being
to front running Arkansas A&M.
They finished second in the AIC
last year and were highly touted
to finish on top of the league this
spring, but the breaks have not
been in their favor.

Last Friday the Reddies hum-
iliated an 18 to 1 victory over
College of the Ozarks with Jim
Eason of Henderson almost pitch-
ing a no hitter allowing a lone
single and that coming in the 7th
inning. Eason struck out 11 and
only three Ozark players reached
base during the game. This is in-
dicative of the tight Reddies de-
fensive play. Sixteen Reddies got
into the game.

In nine games played to date the
Mulderiders have won five and lost
only four. In AIC play the Southern
State lads boast a 2-2 record. The
Hope game could easily prove to

Opponents for a Short Period

Reeder Huddleston

Bill Gunter

Two members of the Legionnaires, Reeder Huddleston and Bill Gunter will be opposing each other here Wednesday night when Southern State and Henderson collide at Fair Park. Reeder is a star hurler for the Henderson Reddies and Bill is regular third baseman for the Mulderiders. As soon as school is out both boys will join the local team.

be a rubber match between the
two clubs. Henderson won the first
game at Arkadelphia and the two
teams play a return match at
Magnolia May 5. If Southern State
emerges the victor the series will
be tied with one victory each and
the winner in Wednesday's game
at Legion Field could cop the
year's three game series.

The Reddies boast considerable
power. Two of their big games
Southern State and Arkansas State
Teachers were won by five run in-
nings, and they beat a couple of the
league's best pitchers in those
games - Travis Farrar of Southern
State and Ray Dunbar of ASTC.

The Reddies' two losses have been
at the hands of front running Ar-
kansas A&M. In the first game
the game ended in a dispute which
had to be referred to league Com-
missioner, Gen. H. L. McAllister
and a board of Southern Association
umpires.

Long before the decision was
handed down, Coach Duke Wells

All Southern Teams Gain on the Barons

By The Associated Press

Every team in the Southern As-
sociation gained on league leading
Birmingham last night.

Seventh-place New Orleans
walloped the Barons, 9-3, and
pulled within four games of the
leaders, a full game advance. All
other games were rained out and
the Barons' last night a half a
game advance to the idle teams.

The Poles took a 32 lead in the
first inning on a 3-run homer by
Al Grimwald, but Birmingham
knotted the count with a run in the
sixth.

Fred Hollman, the Baron start-
er, gave up two singles and a walk
in the eighth to lead the Poles. He
was relieved by Joe Crocker, but
the Poles collected three more sin-
gles and half a dozen runs to
clinich the game.

Four Birmingham errors made
things just that much rougher for
Baron pitchers.

The loss left Birmingham only
11 games ahead of Memphis.

One of Eddie Wallie's pitches
cocked Dave Waters in the sixth
and the Baron third baseman had
to leave the game. He was hos-
pitalized for observation, but was
not believed to be badly hurt.

Mobile is in last place, 6 1/2
games back of the Barons. Man-
ager Ed Head picked Wally Hood,
who has a 3-1 record this season,
to try to end the Bears' game
losing streak tonight against At-
lanta. Cracker Manager Gene
Mauch tagged veteran Art Fowler,
who has won three and lost one,
for mound duty.

who had some of the conferences
best known coaches thinking he
would win the appeal, said, "I
haven't won an appeal in the past
and I'll bet I don't win this one!"
-and he didn't.

In the second loss to A&M at
Monticello Henderson got two men
on more than once and failed to
score. The tenseness of the sit-
uation beat the boys and Coach
Wells admits it. HSTC got men
on base in the 7th, 8th and ninth
innings with none out and blew
opportunities to score.

1953 Mobilgas Economy Run

25 cars average
22.2 Miles per Gallon
in Tough Road Test!

Modern cars offer a high degree of economy,
but few drivers are getting it. The Mobilgas Eco-
nomy Run clearly shows you how to get from your
car all that's built into it...all the gas mileage
your car can deliver.

Stock cars, certified by AAA. These are cars you
might have bought in a dealer's showroom. They
weren't tampered with or "souped-up." Their se-
lection, like the entire run, was under the strict
supervision of the American Automobile Associa-
tion contest board.

Rugged route, far tougher than normal driv-
ing. On the 1206 mile course from Los Angeles to
Sun Valley, these cars met in three days, climate
and road conditions as rough as the average mo-
torist meets all year. Desert heat. Mountain snow.
Long, steep climbs, through the heart of the Rock-
ies. Over 10 per cent was stop-and-go through
towns and cities.

What's the SECRET of Their Remarkable MILEAGE?

It's very simple...they got the full potential that
is built into modern cars and a modern quality gaso-
line. To get it, they did three things. 1) Put their cars
in top condition with good servicing (with the stock
Mobil products carried by your neighborhood Mobil-
gas Dealer.) 2) They practiced careful, thoughtful driv-
ing. 3) They all used Mobilgas or Mobilgas Special.

6 Americans in 21 to Die in India Crash

Calcutta, India (AP)—Search parties brought in 21 bodies last night from the wreckage of a British Comet jet airliner which crashed 22 miles northwest of Calcutta late Saturday. All 42 persons aboard, including three Americans, were killed.

The crash of the speedy plane, a few minutes after it swept into a moonlit sky from Calcutta's Dum Dum Airport on a Singapore-Calcutta flight, was the second fatal accident for Britain's famed Comet and the first on a scheduled commercial flight. The plane was operated by the British Overseas Airways Corporation.

Preliminary reports said a fire or explosion shortly after the take-off might have caused the disaster.

In highway accidents, three were electrocutions, two drownings, two stabbings and three were attributed to other causes.

At Pine Bluff, Miss Dottie Bracey died about two hours after she was struck by an automobile Saturday night. Police said the driver of the automobile had been located late yesterday.

A 48-year-old farmer was found fatally shot yesterday at his farm home near Swan Lake. She rift Allen Nixon said Ed Turner was killed with a .12 gauge shotgun.

The sheriff said Turner's cousin, Earl Turner, 41, of near Reynolds, is being held in Jefferson County jail in connection with the shooting.

World Knows That Reds Are Here to Stay

By JAMES MARLOW

WASHINGTON (AP)—The little man was beginning to feel a little more at ease. For a while there, after Stalin's death he had been excited.

That was the time of the grand guessing game, when everyone seemed sure the new man in the Kremlin would be at one another's throat in no time.

Everybody had a theory. Malenkov was on shaky ground, Beria was low man on the totem pole.

Pretty soon, the guessing went, there'd be an awful struggle for power and maybe Russia would fly apart.

The little man really didn't expect that but it was the kind of thing he wanted to hear. He ate it up. But it didn't happen.

Now the little man is reconciled to the idea that maybe it won't happen and that Russia and the Communists may be here for a long time, intact.

But it made him start thinking. He was paying higher taxes on account of the Russians. He felt it was about time he found out something about these people who were costing him so much money.

He got a book on Russia. Every-

night after supper he sat on the sofa, tilted the lampshade just right, and for at least an hour read some of the story out loud so his wife could hear at the same time.

She was polite about it. She'd rather see a TV program. But this was an hour she felt she was spending in a good cause: Giving her husband something to do.

She knew if he wasn't reading out loud he might be changing the TV program every five minutes and then she wouldn't be able to watch one all the way through anyway.

One hour of reading about took some of the bounce out of him. And maybe for an hour after the reading she could watch one program all the way through, till he got his bounce back.

He had a hard time getting started because it was the Communists who interested him. But he knew he might understand the Russian Communists better if he knew something about the Russians before the Communists. After all, the Communists were Johnny-come-lathes in Russian history.

But going back to the very beginning was painful and embarrassing. He couldn't pronounce some of the names of those early Russian tribes which kept shifting around.

After a while everything straightened out and instead of the Russians moving every which way, they seemed to be moving in a straight line at last: They had a government.

They really didn't have anything to do with picking the government, even in those early days, any more than later when the Communists came in and set up shop.

Pretty soon he was reading about Ivan the Great, back in the 15th century, and his endless war on Poland. He ran across a passage where Ivan said:

There could never be any real peace with Poland, only "truces in order to catch the breath."

He didn't think much of it while reading it. Later, lying awake in the dark and trying to go to sleep, he began to think of Ivan's heirs, the Communists, who succeeded where Ivan didn't. They took Poland without firing a shot, after World War II. And they've been pushing everywhere else ever since.

The little man suddenly thought of what the Communists have been doing since Stalin died: Talking

"She used to climb it a lot when she was a kid," said her brother Robert, 13, who saw her second the tower ladder. "She shouted again — that she was going to jump."

He ran and notified a family friend, Eugene Houck, 13, who called police, then climbed the tower for 15 minutes. A minister, the Rev. H.
